This is a BIG thank you
to all members of TV
Orchestra.

The performance you gave
was so moving and so
inspiring. It was quite
amazing to see ~~z~~ how
you all managed to leave
the platform with such
quiet dignity despite

the crowding. Amazing.

The emotion, for me, as I imagined the voices of nature going quiet, one by one, was overwhelming. It was hard to speak afterwards.

And thank you so much for returning - illustrating that we can save some of these species (all, in your case) if we get together.

In admiration

Jane Goodall.
